GULF SHORES CITY COUNCIL

City will widen Coastal Gateway Blvd. (County Rd. 8)

By John Mullen

Gulf Shores is making plans to move forward with a widening of the former County Road 8, taken over and renamed by the city as Coastal Gateway Boulevard.

It was just one of several ambitious projects city officials said they will be working on soon including the final phase of the Gulf Place Project on city Gulf front between the Phoenix All-Suites Hotel on the west and Regatta condos on the East. Another project will extend Commercial Drive in the Business and Aviation Park near the airport to service a new building to be built by Resicum International, an aerospace company.

“This will be our direct access to Gulf Shores with signage for people coming from the Foley Beach Express trying to get to Gulf Shores. That’s the reason for the size and design of the road. Not only for the residential growth but also for using that as an entry to Gulf Shores from the beach express.”

of the road. Not only for the residential growth but also for using that as an entry to Gulf Shores from the beach express.”

It will take about 18 months to finish the project, Acreman said, and it will start with moving utilities and improving them in the process.

“The good news is because of the rapid growth that we are seeing on Coastal Gateway Boulevard a lot of these utilities will be upgraded during this process,” Acreman said. “Baldwin EMC is going to upgrade their capacity because of the demands that are being placed, not only now but in the near future as some of these properties develop as well as Gulf Shores Utilities water and sewer capacities in these areas.”

At either end of the new roadway both the intersection at State Route 59 and the Foley Beach Express will be upgraded as well.

“When we are completed we will have improved both the intersections at Highway 59 and the Foley Beach Express,” Acreman said. “At Highway 59 we are adding a northbound right turn lane, we’re adding a northbound right turn lane to the west off of Highway 59 and we’ll have dual left turns going south.”

On the Foley Beach Express, the city is looking to have

a traffic signal and is seeking support from the City of Foley, Baldwin County and the Baldwin County Bridge Company.

“We have to get three groups to support because it is part of the beach express connection,” Acreman said. “We’ve had a positive response from all three entities.”

Included in this project is a quarter mile spur to the south about halfway between State Route 59 and the beach express. It will be a two-lane road with sidewalks and bike paths and the city hopes to extend it all the way to Oak Road East or County Road 6.

“Initially we are only focusing in on this first 40 acres but our goal is to continue that road in the near future all the way to Oak Road East and have another opportunity for people to use a two-lane highway and avoid having to cut through a residential neighborhood,”

GULF PLACE PROJECT

This lot is undeveloped Gulf front the city will improve with amenities similar to the new Gulf Place in the area of the Hangout.

“This is a significant change in our world,” Mayor Robert Craft said. “The good news about this is we’ve been focused for a long time on our middle third of our half mile. We have now spread this out to where the full half mile of property that we own is available to the public with access points, fire substation, public safety building and police substation. We’ll have folks housed there to help us manage it and react if anything happens.”

Other amenities will include more parking, a restroom building, improved pedestrian access points, shade structures, a 20-foot wide boardwalk and an improved walkover.

The city added a public safety building at the west end of Gulf Place in phase one of the project and will add a police substation at the east end with this final phase.

“We’ll have folks housed there to help us manage it and react if anything happens,” Craft said.

Cunningham Delaney had the lowest conforming bid at just more than \$2.5 million and is scheduled to start work on Oct. 29. Environmental/Grants Coordinator Dan Bond said. Work is expected to be completed by April 30.

EXTENDING COMMERCE DR.

The council authorized the mayor to sign a grant from the Alabama Department of Transportation industrial access grant worth almost \$360,000 for the extension

of Commerce Drive.

Resicum International, an aerospace maintenance, repair and overhaul company, is relocating its headquarters from Pensacola to a new 21,000-square-foot building on the extended portion. This grant will pay for roadway and drainage constructions costs as well as construction, engineering and inspection but does exclude design and utility expenses. The council also approved \$70,000 to Barge Design solutions to complete the necessary survey, geotechnical and design services for this project.

Economic Development Coordinator Blake Phelps said Barge will also complete the design for the entire loop of Commerce Drive near the state’s Mariculture Center.

“We are not proposing at this time to fund that at this time but while we had crews out there it made a lot of sense to complete the design on the loop,” Phelps said. “It’s basically \$18,000 more to get them to complete design of that loop.”

IN OTHER BUSINESS:

- The council continued the alcohol ban on the beach during spring break for the fourth year. Dates for the ban are March 2 through April 28. The first ban came midway through the 2016 spring break season when unruly crowds gathered daily on the beach in Gulf Shores. The ban was enacted in a specially called meeting and has been reinstated each year since.

- The council agreed to OK a lease agreement with Gulf Shores Power Sports on a half-acre at Jack Edwards National Airport. Owners Morgan and Blakely Kitchens want to build an 8,100 square foot hangar and lease it for 40 years. Monthly rental would be about \$5,400 and go up yearly based on the consumer price Index or by 3 percent. The hangar will be used for the storage, maintenance and repair of aircraft owned by the Kitchens.

- The council agreed to a memorandum of understanding with Baldwin County for a school resource officer at the elementary, middle and high schools in Gulf Shores. The Baldwin County Board of Education will provide \$50,000 for each officer to help offset the cost.

- The council agreed to pay Skipper Consulting \$93,000 to develop a Master Street Plan that will prioritize upcoming transportation improvements and develop additional strategies to address future traffic growth.

- The council agreed to reappoint Morgan Szapiel, Bobbie Rooker, Susan Brush to the Library Advisory Board and Councilman Jason Dyken to the Library Board.

- The council OK’d a special event liquor license for the Aircraft Owners and Pilots Association Fly-In on Oct. 26-27 at Jack Edwards National Airport.

Ancient Canoe Canal in Gulf Shores topic of free Nov. 8 lecture at Cultural Center

The University of South Alabama Gulf Coast Campus will sponsor a free lecture about the discovery of an ancient canoe canal in Gulf Shores on November 8 from 7 - 8 p.m. at the Gulf Shores Culture Center Auditorium, located at 19470 Oak Road West (County Road 6), about a half-mile east of the Gulf Shores Sports Complex. There is no cost to attend, but please register in advance so that seating can be planned. Register by calling 251-460-7200, online at usacontinuing.com or by emailing aplatt@southalabama.edu.

Local lore and circumstantial evidence have long identified a large, long, ditch-like feature across the Fort Morgan Peninsula as an ancient canal. An ongoing volunteer effort, organized by citizens of Gulf Shores, has now confirmed that folk identification.

Archival, geo-archaeological, and radiocarbon evidence points to a Middle Woodland date for construction of the canal, early in the seventh century AD. The canal once ran for a mile between Oyster Bay and Little Lagoon, connecting Mobile Bay to the Gulf of Mexico. This may be the northernmost ancient canoe canal yet identified in the Southeast. The City of Gulf Shores plans to highlight a preserved section of canal in a heritage trail.

Leading the lecture is Gregory A. Waselkov, a professor at the University of South Alabama. Dr. Waselkov holds a PhD in anthropology from the University of North Carolina-Chapel Hill and began teaching at the University of South Alabama in 1988. Many of his research projects have investigated prehistoric life on the Gulf Coast, particularly during the Woodland and Mississippian periods, from AD 500 to 1550. As director of the Center for Archaeological Studies, he has overseen more than 1,000 research projects in southwestern Alabama since the Center's creation in 1992.

Adopt a GSUMC Chancel Choir member to support NYC trip

The community response to the planned November trip by the Gulf Shores United Methodist Church Chancel Choir to sing at Carnegie Hall in New York City has been very enthusiastic and generous, according to Cody Johnson, Director of Worship Arts at GSUMC.

"This is a once-in-a-lifetime event for the more than 40 singers who will be part of a larger choir at the famed New York City venue," he said. "However, it is also expensive and to that end, there is one additional opportunity to become part of this adventure through Adopt a Choir Member. No donation is too small or too large and specific choir members may be adopted or donations may go to the choir as a whole."

Checks should be payable to GSUMC and designated for the Choir Carnegie Trip. All donors will have an opportunity to see a video of the entire Carnegie concert at GSUMC following the performance, and those details will be announced later. For more info, visit gulfshoresumc.org or call 251-968-2411.

Elberta Sausage Festival Oct. 27 in Town Park

The Elberta Sausage Festival returns to Town Park (13052 Main St. Elberta) on Oct. 27 from 8 a.m. 'til 5 p.m. Admission is free. Held just north of the town's only stop light on Hwy. 98, the event attracts up to 20,000 revelers, according to organizers.

A 40 plus year tradition in the historic town, the festival is a major regional event that attracts a cross section of the community in what has become a reunion type atmosphere. It is also the main revenue source for the area's volunteer fire department.

Enjoy Elberta's famous German sausage and sauerkraut, plus continuous entertainment, and 250 arts & crafts booths. There will also be carnival rides. Of course, there will also be a Bier Garten featuring a large selection of imported and domestic beers. Other scrumptious foods will include German-style filled cabbage, potato salad, goulash, red beans and rice, hamburgers, hot dogs, BBQ sandwiches, ice cream, popcorn, peanuts and homemade baked goods. The Bellview Stumpfiddle Band will perform with the North End Stompers and other cloggers. There will also be polka, country and German music.

Spearheaded by Elberta's Volunteer Fire Department since 1978, festival proceeds are used for improving not only the fire department, but the town as well. Additionally, local non-profits benefit from the festival through proceeds from their booth sales and parking lot fees. The festival is held twice a year – on the last Saturday of March and the last Saturday of October. Although it has been tweaked a bit over the years, the original secret recipe for Elberta's famous sausage is credited to Alfred Stucki, who managed Elberta's Locker Plant from 1953 until his death in 1973. About 7,000 pounds of German Sausage are consumed at each fest. More info: elbertafire.com.

The tournament will be on Nov. 15 at Craft Farms Golf Resort. The goal of this golf tournament is to raise funds for the Christian Service Center, with 100 percent of tournament proceeds going to the organization.

The Charity Classic will donate 100 percent of proceeds back to the Christian Service Center. The tournament is a four-person scramble and open to the public. Prizes will be given for the top three places in both gross and net divisions. Additional prizes include longest drive, closest to the pin, and longest putt.

Tournament fees include lunch, drinks on the course, prizes and a tee gift. To sign up to play in this event, or for sponsorship opportunities, please contact Ryan Mello, club manager of Craft Farms Golf Resort by calling 251.968.3002.

ORANGE BEACH CITY COUNCIL

Orange Beach to spend \$107,000 on recreation complex redesign

By John Mullen

Orange Beach is looking to spend about \$107,000 to begin a redesign of the recreation complex at the northwest corner of Canal Road and Wilson Boulevard.

"We're trying to maximize that property to get the most out of it because it's shrinking fast," Mayor Tony Kennon said during the Oct. 16 regular council meeting. The council also had a work session after the regular session and discussed how the city will send help to Bay County, Florida in the aftermath of Hurricane Michael.

The city's highly successful Expect Excellence program growth is taxing what space there is at the current recreation center.

"We don't have enough space for activities for our kids," Kennon said. "We're up to 230 kids in our after-school program and there's up to 80-90 over at Camp Sunshine."

A new gym and where it will go has already been decided to help alleviate this problem. It will go west of the current gym on the lawn between the recreation center and community center. Davis Architects will provide the design and engineering for the new gym at a cost of around \$72,000 and is working on an estimate for construction costs.

"We're adding on another gym to the current rec center because one's not enough with all the kids and the activities and the pickleball," Kennon said.

One fix he'd like to see is another building for older patrons separate from the current recreation center and new gym.

"We're also looking at building another building over near the pool and move all of the adults to that building," Kennon said. "The weight room, cardio room, aerobics room, everything and a basketball court for the adults. We have so many kids now, we've got adults and we have so many people coming from outside we don't know intertwined. We're going to

separate the two. The current rec center will become an after school and training facility, education facility all for kids. That's sort of our vision and we're working through that."

Davis was also hired to come up with a master plan for phase one of the project and it will cost the city about \$35,000 which will include the new building. How it will look after it's done will be decided as they develop a plan, Kennon said.

"It's all up for discussion," Kennon said. "This is part of what we are asking them to do. Help us design where we want to put things and the traffic flow and how we would redesign traffic flow to accommodate both."

Not up for discussion is the new gym. Kennon and the council would like to see it up and running as soon as possible.

"We hope to have the gym next to the current rec center done within nine to 10 months," Kennon said. "We're moving as fast as we can to make sure we have it before next basketball season because we don't have enough gym space."

"The other building, I'd like to see it done in a year and a half to two years."

Hurricane Michael Relief

While most group are collecting cleaning supplies, hygiene items, first aid kits and pet needs, the City of Orange Beach is planning a special effort for first responders who are also victims of the storm.

"We're going to try to deploy an immediate team of employees to help with some things there in Bay County, Florida," City Administrator Ken Grimes said. "Within about two weeks they'll be in more full recovery mode and we're going to try to get their lives back in order. But right now, their first responders and everybody is in need there's just a whole lot of things we can do to help."

Grimes said citizens wanting to help have plenty of opportunities to with multiple organizations collecting supplies in

the city.

"We are getting a lot of questions as to what is going on related to hurricane relief and support and I think it's important that a lot of our businesses are starting to rally donations," Grimes said. "We're being supportive where we can help but a lot of that right now it is not the time to go unless you are needed. Keep watching social media and city posts as a kind of guide if you want to make donations. I'd say through the churches is the best way right now."

During the regular session council:

- Passed a resolution awarding the bid for construction of the Backcountry Trail Interpretive Loop and Sidewalks to Cunningham DeLaney Construction in an amount not to exceed \$658,242.

- Passed a resolution authorizing the execution of a professional services agreement with Lathan Associates-Architects for architectural services and another hiring Lathan Associates-Architects to provide general city facility architectural services in an amount not to exceed \$43,000.

- Passed a resolution awarding the bid for holiday decorations to Winterland, Inc., in the amount of \$14,430.

During the work session council also:

- A resolution awarding the contract for EMS Patient Transport Billing Serv

- A resolution authorizing the execution of a memorandum of understanding with Baldwin County for a School Resources Officer.

AROUND TOWN

Battle at Beach Pickleball Tourney Nov. 2-4 in Gulf Shores

The first annual Battle at the Beach Pickleball Tournament is coming to the George C Meyer Tennis Center in Gulf Shores November 2-4. Approximately 175 participants from around the country will descend upon Gulf Shores to compete in men's, women's and mixed doubles. Friday will be a practice round for all players.

"I really didn't know how many we will have sign up," said Eddie McDonald, local pickleball ambassador. "We started registration late and this tournament is the same week as the Pickleball Nationals Tournament in Indian Wells, California. We were hoping between 100-150 players would sign up. But to have nearly 175 players in our first year is fantastic. Our hope is to put on a first class event. If we can pull it off, our numbers next year will take care of itself."

The local pickleball community, with the support of the Gulf Shores and Orange Beach Sports Commission and the Gulf Shores Recreation Department, hope to make this event a huge success. McDonald would also love to see those come by the tennis center who may not be familiar with the sport.

"Everyone involved have been so helpful," McDonald said. "We are all hoping to make this the best tournament experience for all of our participants."

"I know there are a lot of people who may not know what pickleball is. There are others who have heard of the sport, but still have questions. I would love for all in our local community to come by and see what all the excitement is about," he said.

Summit provides updates on RESTORE progress in Alabama

22 projects valued at more than \$711 million of restoration efforts have occurred or are underway so far

By David Rainer

AL Dept. of Conservation and Natural Resources

Although the inaugural Governor's Restoration Summit had held a firm spot on Governor Kay Ivey's schedule for months, Hurricane Michael required a change of plans for Governor Ivey as the devastation left in its wake called for her immediate attention. Fortunately, Governor Ivey was able to leave the important business of the Summit under the leadership of Alabama Department of Conservation and Natural Resources Commissioner Chris Blankenship, a man very familiar with the Deepwater Horizon oil spill that initiated the 8-year path to the Summit.

The Summit, held last week at the Spanish Fort Community Center, provided updates on the progress of restoration efforts related to the Deepwater Horizon oil spill as well as the

With RESTORE funding, Alabama has been able to acquire more than 4,000 acres of environmentally sensitive coastal habitat.

to have events like this to hear from the public about what's important to them and what type of projects we need to do moving forward to continue to restore Alabama.

"The settlement from BP will continue to be paid out over 15 years, through 2032, so it's a long process where we will be doing restoration work, and we want to continue to stay engaged with the public. We want to make sure we provide information about projects that are being done, how those projects are going and listen for what we can do better in the future."

The Deepwater Horizon oil spill that occurred in 2010 forever changed the way of life along the Gulf Coast from the economic impact to the curtailment of recreational opportunities and property access. In 2016, a settlement was reached with BP to fund restoration efforts and recover economic damages for Alabama and the rest of the Gulf states.

"Each of us has a special interest in preserving our state's natural resources," Blankenship said. "I love our coast and what it means to our way of life and quality of life here. This is my home and, for most of you, your home. As Commissioner, I commit to you that we will strive to ensure that our state remains Alabama the beautiful."

Blankenship said the interest citizens have shown in the state's natural resources continues to demonstrate that the state's most valuable resource is the people of Alabama.

opportunity for public input on proposals for work that will continue for the foreseeable future.

"The most exciting thing to point out from the Summit is that 122 projects valued at more than \$711 million of restoration efforts have occurred or are underway so far in Alabama," Blankenship said. "We've done good work in all these restoration projects, but there is still more work to do. It's important

"It warms my heart to see so many people who care deeply for Alabama and its natural resources," he said. "Gov. Ivey also cares very much about the restoration work underway and what still needs to be done."

Blankenship shared the successes in Alabama from the \$711 million allocated for 122 restoration projects to date.

"With these projects, we are improving water quality in Mobile Bay and protecting the Grand Bay Savannah," he said. "We are protecting oyster habitats, turtle-nesting habitats, bird-nesting habitats and other wildlife. We are restoring the marsh and shoreline at Lightning Point in Bayou La Batre.

"We are expanding public fishing opportunities by restoring the fishing pier at Fort Morgan. We also have the beautiful new Lodge at Gulf State Park that will open on November 2. We are promoting growth in south Alabama's economy with important infrastructure projects."

Other types of restoration projects include oyster management, artificial reef construction and research, ecosystem research and improving the stranding response network for marine mammals.

"In case you've never heard me say this before, Alabama has the largest artificial reef program in the country," Blankenship said. "Through this funding, we have been able to build more artificial reefs and do research around those reefs that will continue to provide habitat and production for decades.

"And everybody loves oysters. A lot of work has been done and will be done to restore oysters."

Regarding community resilience, Blankenship said the goal is for a community to use available resources to respond to, withstand and recover from adverse situations like natural disasters and environmental catastrophes.

For economic development and enhancement, the projects include an Africatown Museum and Welcome Center as well as various road and highway improvements, Port of Mobile enhancements and water system improvements in coastal Alabama.

With RESTORE funding, Alabama has been able to acquire more than 4,000 acres of environmentally sensitive coastal habitat. So far more than \$100 million has been designated for land acquisition and conservation.

"ADCNR, in close coordination with the Forever Wild Land Trust program, as well as state and federal part-

ners, has invested and will continue to invest in land conservation and other restoration efforts across coastal Alabama," Blankenship said.

The Commissioner said watershed management plans are a foundational piece of the restoration strategy with the goal of improving water quality.

"Clearly, we are making progress, but we're not stopping there," Blankenship said. "We need to do more. I'm grateful to our federal partners and local partners on each of these projects."

The Governor's Office and ADCNR recently produced the 2018 Deepwater Horizon Oil Spill Restoration Progress Report that highlights the progress through the middle of 2018. Go to alabamacoastalrestoration.org to review the complete report online.

"The Governor's Restoration Summit is the first opportunity we have had to put together a document that has all the projects showcased in one place, regardless of funding source," Blankenship said. "When all the projects are grouped by restoration type it shows that, overall, restoration projects for Alabama cover all restoration types pretty fairly and that when aggregated it is over 120 projects and \$711 million, which is pretty impressive.

"The important part is these projects come from you (the public). These projects started with a suggestion from somebody – a group, an organization, a municipality, a county or state agency. That is the primary reason for this summit – to hear from you on projects from 'Bucket 2' of the federal RESTORE Act. Restoration is definitely a team effort. The Governor's Restoration Summit further proves the power of working together."

Over the next 15 years about \$1.4 billion is allocated to Alabama for restoration projects related to the Deepwater Horizon oil spill from NRDA, NFWF and the Alabama RESTORE Council. About \$1.6 billion will be allocated by the federal RESTORE Council gulf-wide from Bucket 2. That money is not distributed or divided to each state by any formula. All five Gulf states and six federal agencies will work to put together a plan that meets project needs in each state.

Ben Scaggs, Executive Director of the Gulf Coast Ecosystem Restoration Council, participated in the Summit and shared with the attendees plans and timelines for developing Funded Priorities Lists by the federal RESTORE Council over the next two years as well as over the next couple of decades.

Pictured: The New Venture, a 250-foot research vessel, was deployed off the Alabama Gulf Coast using funds from the RESTORE Act. A portion of those RESTORE funds are also being used to replenish oyster habitat and expand artificial reef programs that benefit the Gulf reef fish population. (Photos by David Rainer)

Trunk-or-Treat Oct. 31 at Perdido Bay Methodist

If you've ever attended the event before, then you already know that on Wednesday, Oct. 31, the place to be for the best Halloween candy opportunity on the Gulf Coast is Perdido Bay United Methodist Church. The annual tradition will be held from 5:30-6:30 p.m. on the church's Innerarity Point Rd. campus in Pensacola.

Come out and park on the front lawn, bring your lawn chairs and candy or treats, pop open the trunk (decorate if you want), and let the children come to your car. Trunk-or-Treat has become a favorite community event for area children and adults! This is a great way to encourage a safe environment for the kids to have fun without going door to door.

There will be delicious hamburgers and hotdogs for sale, and, of course, trunk loads of treats. If you plan to enter the trunk decorating contest and take ownership of the coveted "Trunk-or-Treat Trophy" for a year, please arrive well before 5:30 p.m. Friendly costumes are encouraged. For more info, call 850-492-2135.

COOKIN' WITH CAROLYN

By CAROLYN GODFREY

Bats and Cobwebs

I found this recipe from Allrecipes online. The bow-tie pasta is the bats and the stringy, gooey mozzarella cheese is the cobwebs. Use your favorite pasta sauce and you can't miss.

- 1 (8 oz.) pkg bow tie pasta
- 1 pound ground beef
- 1 small onion, chopped (opt.)
- 1 (28 oz.) jar pasta sauce
- 8 oz. mozzarella cheese, cut into 1/2 inch cubes
- 1/4 cup grated Parmesan cheese

Preheat oven to 400 degrees. Fill a large pot with lightly salted water, bring to a rolling boil over high heat. Stir in the bow tie pasta and return to a boil. Boil pasta, stirring occasionally, until cooked through but still firm to the bite, about 12 min. Drain well. Cook and stir ground beef and onion in a large skillet until beef is no longer pink, about 5 minutes. Drain fat. Stir in pasta sauce and bring to a boil. Reduce heat to simmer. Stir cooked pasta and half of the mozzarella cheese into the sauce; toss to combine.. Transfer to a 2-quart baking dish. Top with remaining mozzarella and Parmesan cheese. Bake in preheated oven until lightly browned and bubbly, 15 to 20 minutes. **Enjoy!**

Big Lagoon Kiwanians sponsor Wreaths at Barrancas Cemetery Local group will spread 12,000 wreaths on Veterans Day (Nov. 11)

The Kiwanis Club of Big Lagoon is well into the planning for its annual Wreaths Across America program, part of a nationwide charity that delivers wreaths to all 50 states. Big Lagoon Kiwanians solicit memorial wreath sponsorships specifically for Barrancas National Cemetery onboard NAS in Pensacola and will place the wreaths on veterans' headstones in December on National Remembrance Day/Veteran's Day, Nov. 11. For more info, call (850) 207-1217.

Every year, the club organizes the distribution of over 12,000 wreaths with the help of volunteers, including youth groups.

The goal is to not only to honor the brave men and women who have fought for our country but also to teach young people about the sacrifices veterans have made throughout history.

Barrancas is the resting place for a variety of troops, including 251 African-American soldiers who fought during the Civil War.

Community Thanksgiving service Nov. 18 at New Mount Marriah Baptist

The 2018 Community Thanksgiving Service sponsored by the Optimist Club of Perdido Bay will be held at 4 p.m. Sunday, Nov. 18 at New Mount Marriah Missionary Baptist Church, located at 32852 US Hwy. 98 in Lillian. All Lillian churches are invited to participate, with the pastors or their representatives taking an active role. The service includes scripture readings, prayer, a Thanksgiving message and music performed by James Gorham and the New Mount Marriah Missionary Baptist Church choir directed by Marvin Showers. Fellowship will be held in the church hall following the service. This event has served as the beginning of the holiday season for many years and provides an opportunity for the community to gather together to thank God for the many blessings He has bestowed on Lillian in the past year and to ask for His continued help in the next.

Fairhope Film Festival Nov. 8-11 at six downtown venues

Organizers promise four days of brilliant, entertaining and award-winning films screened throughout the city during the 6th Annual Fairhope Film Festival, scheduled Nov. 8-11. The five festival venues are all located within walking distance of each other in the famous, flower-filled downtown area.

The venues include The Book Cellar; 32 S Section St.; Coastal Alabama Community College Centennial Hall, 450 Fairhope Ave.; Fairhope Film Festival Office, 122 Fairhope Ave.; Coastal Amphitheater at Coastal Alabama Community College, School Street near corner of Morphy Ave.; Fairhope Public Library Giddens Center, 501 Fairhope Ave..

The fest is a film lover's film festival held each year on the second weekend in November, offering participants the opportunity to see world-class award winning films in a unique, picturesque location over a four-day period.

The focus is on national and international film festival competition finalists of the past year: the "best of the best" in cinema arts. Notable foreign and feature films, documentaries and shorts—many that never made it to the big box theaters or were only there briefly—will be selected for appreciative audiences.

Although the festival will pull out all the stops, Southern-style, to host opening and closing events and parties, the emphasis will be on the art of filmmaking and the experience of seeing exceptional films. Directors, actors and screenwriters will participate in the screenings both in person and via live electronic transmission.

The Fairhope Film Festival focus is on national and international film festival competition finalists of the past year. Notable foreign and feature films, documentaries and shorts will be included. And the fest will open and close with parties.

Directors, actors and screenwriters will participate in the screenings both in person and via live electronic transmission.

Tickets are \$15 each. Please bring cash or a check made out to Fairhope Film Festival. The box office is located at 20 N. Section St. For more information visit fairhopefilmfestival.org or call 251-990-7957.

Pictured: The festival's opening night film will roll at 6 p.m. on Nov. 8 at Coastal Alabama Community College: Centennial Hall. In the film, the leader of New Orleans' famed Preservation Hall Jazz Band seeks to fulfill his late father's dream of retracing their musical roots to the shores of Cuba. Join the band as they travel post-embargo Cuba in search of the indigenous music that gave birth to the New Orleans jazz. Encounters with some of Cubas' most iconic musicians leads to spontaneous and soulful collaborations. A Tuba to Cuba celebrates the triumph of the human spirit expressed through universal language of music and challenges us to dig deeper; to find that common ground we all have inside us, and there, resolve to build bridges, not walls.

Pictured here, Kelly is introducing everyone to the Center's resident Screech owl. Seated on the front row, from the left, are Sharon Mercke, Jean Cocker, Velma Tuttle, Blan Blankenship, Carol Hines and Marianne Hawkins. LuLu's QUALIFIES THREE FOR ARHA AWARDS: The Alabama Restaurant & Hospitality Association (ARHA) has announced the 2018 Stars of the Industry Awards finalists and Lucy Buffett's LuLu's has three qualifiers. LuLu's COO **George Martin** is listed as a finalist for Restaurateur/Operator of the Year. **Gabrielle Barnett**, LuLu's Marketing & Communications Manager is a contender for Tourism Promoter of the Year and LuLu's own bartender **Don Delong** is in the running for Alabama Bartender of the Year. The Alabama Restaurant and Hospitality Association (ARHA) represents over 1,200 members including restaurants, lodging, tourism, and hospitality service companies. The food service, hospitality and tourism industry is Alabama's second-largest employer--making ARHA members the cornerstone of the state's economy. Each year the Stars of the Industry campaign solicits nominations from across the state to find the "best of the industry" in various categories. The ARHA Board of Directors reviews all the submissions received and selects finalists in each group. Since the committee only selects a few nominees in each category, being named a finalist is a great honor. All finalists will be honored at the annual gala awards ceremony and dinner on Monday, October 29 at the Grand Bohemian Mountain Brook Hotel in Birmingham. The winner in each category will be announced from among the finalists that evening.

KIVA DUNES EARNS GOLF ADVISOR NO. 1 RATING: Kiva Dunes Golf Club was recently scored dual aces, after being named the No.1 rated Public Golf Course in the state of Alabama by Golf Advisor and earning a Top 100 Golf Resorts listing in 2018 by Golf Week. Kiva was also cited as one of the Top 100 Golf Resorts by GolfWeek in 2017 and has earned additional awards from Golf Digest, and Links Magazine. The distinction from Golf Advisor encompasses everything from architecture to course layout, and staff friendliness.

Developed by avid golfer **Jim Edgemon**, and designed by Jim's University of Alabama classmate and professional golfer, **Jerry Pate**, the 1976 U.S. Open champion, Kiva Dunes exemplifies the longtime friends' great love, and respect for the game. First opened in 1995, Kiva Dunes has proven itself a testament to its founders' shared love of golf in the two decades since.

In addition to Pate's original 1995 design, a \$1.5 million renovations in 2015 improved upon an already breathtaking layout. The makeover included an upgrade to Bermuda Tiff Eagle grass on the greens.

Kiva comes in at just over 7,100 yards with exposed sand and gnarly scrub oak part of its lore. The manicured track winds through acres of secluded, coastal greenery and natural marsh in a pristine conservation area on the Fort Morgan peninsula, 13 miles west of Hwy. 59 in Gulf Shores.

Though unique and challenging, the course does not penalize every bad shot like other high-ranked courses. Kiva has a different feel every day, depending on the shift in winds between the Gulf of Mexico and Mobile Bay. Open to the public, course pricing changes in real-time. Visit KivaDunes.com for more course info.

Kiva's 2015 renovations were in celebration of its 20th anniversary, and Pate came back to supervise the overhaul and renovation process and create a golfing environment that is conducive to the full range of golfer, from juniors and those new to the game, all the way up to the experienced tournament veteran. "We're making a statement that Kiva Dunes is here for the long haul and will continue to be recognized as one of the premier golf and beach resorts in not only the Southeast, but also the United States," Edgemon said at the time about an idea that he and Pate discussed well before the club's 1995 opening.

It all started decades back when Jim "Scrappy" Edgemon was on the tee of the par 3, 16th hole at the University of Alabama course in Tuscaloosa waiting for a nearby golfer to clear the green. The golfer on the green waved him on, and Scrappy hit a hole-in-one. The green-side golfer recalls thinking, "Man, that looks pretty good." The two golfers met that day, and that was the beginning of what would become a prosperous partnership.

If you haven't already guessed as much the second golfer was Pate, who was a rookie when he won the 1974 U.S. Open. "He's been a winner at everything he's ever done," Edgemon said when he hired Pate to design his golf course. "I'd seen his work and I knew his passion. I knew, when given the best land, he'd do the best job. And he did. Kiva Dunes is recognized the world over as one of golf's best and most unique challenges."

Almost 30 years and multiple national awards later, Kiva Dunes is stronger than ever and has had tens of thousands of golfers high-fiving one another over the one-in-a-million golf course that it is.

Jensen's Heart of Gold Foundation supports local families with children fighting cancer

Registration is now open for 9th Annual Super Slugger Softball Tournament scheduled September 6-8, 2019

Did you know that there is a non-profit organization right here in your community that raises much needed funds for families who have a child fighting cancer?

Jensen's Heart of Gold Foundation was founded by the Byrd family in 2010 after the loss of their 5 year old son, Jensen Daniel Byrd. Jensen was diagnosed with cancer at the age of two and fought for 3 long years succumbing to his disease on August 24, 2010 at the all too young age of 5 years old.

Survived by his mother Melissa, father Lynn, and sister Jayden, they knew they could not go back to a normal lifestyle. On average, 46 children are diagnosed with cancer each and every day. They could not move forward turning a blind eye to that. The incident rate of childhood cancer in their own community seemed alarmingly high. It became their mission to afford those families in their area who are on the same path, the opportunity to make memories with their child. Something the Byrd's feel they did not have enough of.

The inaugural and cornerstone event of the charity, the Super Slugger Softball tournament, began as a way to commemorate one of the last and fondest memories the Byrd family had of their precious angel.

Melissa, founder and President of JHG, called upon her friends in the adult softball community to come together and play a double elimination co-ed tournament. She organized the event to name each team after a Super Mario character just as Jensen had done with them in their backyard only days before his passing. He did not let the pain deter him from living out the Super Slugger Nintendo game with his family in his back yard. He put his morphine pump in his new Luigi backpack that was intended for his first day of Kindergarten, a day he never experienced.

To their surprise, 22 teams formed and came together at that 1st Annual tournament. Melissa was overwhelmed

and humbled by the turnout. The community had rallied in a big way. Fast forward to 2018 and the 8th Annual Super Slugger Softball tournament. 50 teams showed up from several different states this year on September 8 - 9. Byrd had to close registration three weeks early due to the volume of teams and the limited number of hours in a day!

The first year raised just over \$8,000. JHG proudly announced to us that this year they grossed nearly \$60,000 on that single event! They also proudly report that all expenses were covered with corporate and community sponsorships!

Since the formation of JHG, the Byrd's have expanded into Central Florida with their Florida Chapter. Ran by Emily Pierce, their efforts collaboratively have raised nearly \$500,000 in the last eight years and have assisted dozens of families in need. Emily, mother of childhood cancer warrior Morgan Pierce, met the Byrd family while both children were being treated in NYC at Memorial Sloan Kettering Cancer Center. The two families became fast friends and

continue to honor Jensen's memory together even through their own continued 10 year battle with childhood cancer.

September is childhood cancer awareness month. Gold is the color of ribbon that symbolizes that fight. If you want to get involved in your community to support the cause, visit www.jensensheartofgold.com for the many ways you can help spread awareness. Registration is also now open for the 9th Annual Super Slugger Softball Tournament on September 6-8, 2019.

Pictured: (above) Jensen Byrd; Scenes from softball tournament; Theodore Prive, who at four months old was diagnosed with Acute Lymphoblastic Leukemia (ALL) and spent 227 days straight at USA Children's and Women's Hospital in Mobile. Theo is now home and continue daily low dose chemo until maintenance completion date on 8/31/2019.

Funny Bones

Bookseller conducting a market survey asked a woman, "Which book has helped you most in your life?"

The woman replied, "My husband's check book!"

A prospective husband in a book store. "Do you have a book called

'Houseband' – the Master of the House?"

Sales girl: "Sir, fiction and comics are on the 1st floor!"

Someone asked an old man, "Even after 70 years, you still call your wife – darling, honey, luv. What's the secret?"

Old man, "I forgot her name and I'm scared to ask her."

Pharmacist to customer: "Sir, please understand, to buy an anti-depression pill you need a proper prescription. Simply showing marriage certificate and wife's picture is not enough."

There are three kinds of men in this world. Some remain single and make wonders happen. Some have girlfriends and see wonders happen. Rest get married and wonder what happened!

My wife to my mom: "Don't teach me how to handle my children. I am living with one of yours and he needs a lot of improvement."

Teacher: "Okay class let's start by sharing our dreams. What's yours David?"

David: "My dream is to earn \$20,000 a month like my dad."

Teacher: "Wow! Your dad earns that much?"

David: "No ma'am, that's also my dad's dream."

I was sitting at the bar staring at my drink when a large, trouble-making biker steps up next to me, grabs my drink and gulps it down in one swig.

"Well, whatcha' gonna do about it?" he says, menacingly, as I burst into tears. "Come on, man," the biker says, "I didn't think you'd cry. I can't stand to see a man crying."

"This is the worst day of my life," I said. "I'm a complete failure. I was late to a meeting and my boss fired me. When I went to the parking lot, I found my car had been stolen and I don't have any insurance. I left my wallet in the cab I took home. I found my wife with another man ... and then my dog bit me."

"So, I came to this bar to work up the courage to put an end to it all. I buy a drink, I drop a capsule in it and sit here watching the poison dissolve. Then you show up and drink the whole damn thing!"

"But enough about me, how are you doing?"

A lettuce and a tomato were in a race.

Who won?

The lettuce won a head, but the tomato never could ketchup.

"I am worried about my wife. She is out all night, every night, going from bar to bar."

"Are you saying she's an alcoholic or do you think she's cheating?"

"No, she is looking for me."

A Viking explorer returned home from a voyage and found his name missing from the town register.

His wife insisted on complaining to the local civic official, who apologized profusely saying, "I must have taken Leif off my census."

Alcohol and calculus don't mix ... Never drink and derive.

What do you do when you see a Spaceman?

You park your car in it!

A newly married sailor was informed by the navy that he was going to be stationed a long way from home on a remote island in the Pacific for a year. A few weeks after he got there he began to miss his new wife, so he wrote her a letter. "My love," he wrote "we are going to be apart for a very long time. Already I'm starting to miss you and there's really not much to do here in the evenings. Besides that we're constantly surrounded by young attractive na-

tive girls. Do you think if I had a hobby of some kind I would not be tempted?"

So his wife sent him back a harmonica saying, "Why don't you learn to play this?"

Eventually his tour of duty came to an end and he rushed back to his wife. "Darling" he said, "I can't wait to see you!"

"First let's see you play that harmonica," she said.

A woman walks into her psychiatrist's office and says, "Hey doc, you know how we have been talking about saying things that don't come out the way we meant them to?"

The psychiatrist replies, "You mean Freudian slips?"

"Exactly, those. Well, I had the most amazing one last night. I was eating dinner with my husband, and I meant to say, 'Honey, could you please pass the salt,' but instead I said, 'You damn fool, you ruined my life.'"

My laptop was driving me crazy. "The A, E, and I keys always stick," I complained to a friend.

She quickly diagnosed the problem, "Your computer is suffering from irritable vowel syndrome."

My Friday is ruined!" "Why, what happened?" "I realized today is Tuesday."
